

Ervin sz. Kováts award for young scientists

Call for applications

Mrs. Lucienne Kováts – the wife of the late Professor Ervin sz. Kováts – and the Hungarian Society for Separation Sciences (HSSS) are proud to announce a call for applications for the *Ervin sz. Kováts award for young scientists*.

The 2021 *Ervin sz. Kováts award for young scientists* honors PhD dissertations accomplished by young researchers, defended or published between January 2019 and December 2020. All aspects and branches of separation science are considered. The award is endowed with an amount of 4000 CHF in addition to a diploma.

The applications will be examined by a selection committee composed by the Board of HSSS. The award will be conferred on-line on October 18, 2021 at the Symposium celebrating the 25th anniversary of the foundation of the Hungarian Society for Separation Sciences. The recipient will be invited on this occasion to give an oral presentation on-line. The candidates will be informed of the results by the end of September 2021.

The *Ervin sz. Kováts award for young scientists* is presented every two years (usually at the Balaton Symposia) to promising young scientists for the excellent research they present in their PhD dissertation.

The following documents should be submitted in English or in Hungarian with the application as pdf files by e-mail:

- a letter of application with the applicant's full address and e-mail address,
- a curriculum vitae and list of publications of the applicant,
- the full PhD dissertation; if the dissertation is not in English or Hungarian, an extended (10-15 pages) summary in English,
- a short English abstract (no more than 2 pages),
- the report of the jury or the reviewers of the dissertation, if any,
- a copy of the PhD certificate,
- a recommendation letter from the PhD advisor/supervisor.

Deadline: September 10, 2021
